How to refine your search results

- A** **Change the radius of your search.** By default the search will show dentists within 15 miles of a given location, but you can adjust this distance by clicking on “Refine search” and selecting any distance from “5 miles” to “60 miles” from the drop-down menu.
- B** **Filter your results.** Refine your search results by categories such as specialty and network.

The screenshot displays the 'Find a Dentist' web interface. The search bar contains 'Dentist, office or keyword' and the location is set to 'San Francisco'. A '+ Refine search' button is visible next to the location field. Below the search bar, a map of San Francisco shows several dentist locations marked with pins. To the left of the map, two dentist profiles are listed: Charles Nip (0.7 mi) and Olga Antipova (11 mi). Both profiles include their names, titles, and contact information. A 'FEEDBACK' button is located on the right side of the map area. On the right side of the image, a 'Refine search' dropdown menu is open, showing options for 'Sort by' (Best Match, Distance) and 'More filters' (Networks, Specialties, Languages, Extended office hours, Office access, Board-certified).
